Shiksha Mitra Training

This month, 12 Shiksha Mitras gathered — at the Deshpande Foundation in Hubballi, and at our CHRC Centre in Haliyal — for capacity building and content training. They came as facilitators. They left better prepared to teach English, computing, AI, and ESM to children who are counting on them.

VISITS

SDMC Vists - Haliyal

Our team visited 8 villages across the Haliyal region, meeting with School Development and Management Committees.

- HUNUSWAD
- HAVAGI
- YADOGA
- AMMANAKOPPA
- MUNDWAD
- TATAWANAGI
- B. KHAALI
- PALA

These conversations matter. When a community believes in what's happening in its school, the learning goes further.

A story from Hunswad

Ganga Mahesh Patil

Shiksha Mitra · Hunswad Village

Ganga completed her 12th grade with 85% and married shortly after, becoming a mother of two and taking on the responsibilities her family needed her to carry. When a CherYsh recruiter visited Hunswad village, she stepped forward. A Kannada-medium student, she found her way to CHRC at Haliyal – curious, a little unsure, but willing.

2019 Joined CherYsh as a Junior Shiksha Learning Facilitator. Took on the role alongside marriage and motherhood.

2022 Promoted to the English Shiksha programme after three years of dedicated service – professional growth and financial independence, earned.

2024 Enrolled in a Bachelor of Arts degree – funding her own education through her earnings from CherYsh Trust, while continuing to teach.

"I feel proud that I am able to pay my own fees through my earnings from CherYsh Trust."

-Ganga Mahesh Patil

A note from our team

This is not just another newsletter. A conversation with you, the people who make this work possible. The CherYsh Newsletter is where we'll share what's happening on the ground: the labs being inaugurated, the Shiksha Mitras being trained, the Headmasters who've become partners, the quiet moments that don't make reports but stay with us long after. In this first edition, we want to explain the why behind two programmes that sit at the heart of CherYsh's work – English Shiksha in Haliyal, and our emerging AI and digital literacy programme. We're glad you're here with us in this journey

You make it possible. **Support CherYsh Trust** [DONATE](#)
